

The Seven Crystal Balls by Hergé

The Seven Crystal Balls is a thrilling adventure from the iconic Tintin series by Hergé. In this captivating tale, Tintin encounters an ancient Inca curse that plunges its victims into life-threatening comas. The discovery of the tomb of Rascar Capac sets off a chain of events where expedition members mysteriously fall into comas one by one, each accompanied by a shattered crystal ball. As Tintin unravels the clues and faces the curse of the Inca gods, readers are taken on a gripping journey filled with mystery, danger, and ancient secrets. This graphic novel is perfect for fans of graphic novels, mysteries, and historical adventures, making it a must-read for readers aged 8 and up.
